

For all of you who do not know what you do in Mail staff, Mail staff is in charge of making sure all the pages (7th graders who volunteered to help us out) deliver and pick up all the mail of each committee and are not disturbing any of the committees. This is very **important** because its not just the little notes sent to friends but its all of the resolution, research requests and research information that is being sent from committees and staffs. In the last few years Mail staff has not been the most successful, but I am going to change that. And we ***WILL*** have a lot fun!

If are interested in being part of Mail staff, you need to fill out this sheet and either send it to me at Bex4000@aol.com or Mail@westmunc.com or just hand it to me in school. It has to be typed, and **please have your answers be no longer than 3 pages all together**, (if even that many, less is sometimes better). Please make sure you include your **name, grade, cell phone number and email address**. Please be as specific as you can with out boring me.

DUE: BY SUNDAY, NOVEMBER 23

1. Have you participated in WestMUNC before? And if so, please explain what have you been part of?
2. Why Mail Staff? And **Why** should I pick you? (what can you provide for us; such as your personality or actual objects, ie. guitar hero, wii, any gaming system, etc. We also enjoy food)
3. How well do you handle yourself under pressure/ work under pressure? Mail staff can get chaotic because we are dealing with 7th graders, so I need to make sure you can survive the pressure.
4. If you could be **any** teacher for a day, who would you be and why? (Yes this is very relevant!)
5. Now as you know, each staff has shirts and we like to make up our own. I want you to either come up with a catchy saying for our shirts, or just design one on Customink.com, and give it in with your answers, either print it or email it.
Be Creative! We Want Awesome-ness!
